- Highfield Level 3 International Award in Accident and Incident Investigation
- Highfield Level 3 International Award in Health and Safety for Construction Supervisors
- Highfield Level 1 International Award in Safe Moving and Handling
- Highfield Level 2 International Award in Risk Assessment
- Highfield Level 3 International Award in Delivering Training

Agora Training Center has been accredited by Bureau Veritas for ISO 9001:2015 since April 2015.

ISO 9001:2015 is the standard that outlines the requirement an organization must maintain in their quality management system for ISO 9001:2015 certificate.

There are several Different documents in the ISO 9000 Family of Standards, but ISO 9001 is the only ISO standard that requires Certificate.

ISO 9001 is an internationally recognized Quality Management System.

Agora Training Center is an approved training provider to offer Highfield accredited training courses. Highfield is a global leader in international qualification, training materials and e-learning for Health & Safety and Food safety.

- All Terrain Vehicle (ATV) - (N608)
- Lorry Loader - (N107)
- Appointed Persons Lifting Operations - (N401)
- Lorry Mounted Lift Truck - (N107)
- Bench Saw - (N302)
- Material Re-handler 360 - (N722)
- Cable Avoidance Tool - (N304)
- MEWP Boom - (N108)
- Chainsaw - Maintenance & Cross Cutting - (N602)
- MEWP Scissor Lift - (N109)
- Chipper - (N244)
- Mobile Crane - (N101)
- Circular Saw - (N303)
- Mobile Towers - (N706)
- Concrete Pump - (N211)
- Overhead Container Gantry Crane - (N114)
- Confined Spaces - (N702)
- Overhead Crane - (N104)
- Constuction Safety Awareness - (S001)
- Plant Loader and Securer - (N120)
- Container Handler - (N012)
- Rail Handler - Ironman - (N504)
- Crane Supervisor - (N405)
- Reach Truck - (N003)
- Crawler Crane - (N103)
- Rear Dump Truck - (N205)
- Crusher - (N207)
- Road Planer - (N216)
- Dozer - (N215)
- Road Roller - (N214)
- Excavator 180 - (N201)
- Road Sweeper - (N217)
- Excavator 360° - (N226)
- Rough Terrain Lift Truck - (N009)
- Excavator as a Crane - (N100)
- Screener - (N208)
- Forward Tipping Dumper - (N204)
- Skidsteer Loader - (N212)
- Generator - (N506)
- Skip Lorries - (N219)
- Grass Cutters/Mowers - (N604)
- Slinger - Signaller - (N402)
- Grass and Snowplough - (N802)
- Static Concrete Placing Boom - (N721)
- Hoist - (N111b)
- Telescopic Handler - (N010)
- Industrial Counterbalance Lift Truck - (N001)
- Tower Crane - (N102)
- Industrial Telescopic Handler - (N011)
- Tower Crane Remote Control- (N115)
- Load and Secure Excavator up to 5T - (N124)
- Trencher - (N203)
- Loader Compressor - (N206)

NPORS®

The National Plant Operation Registration Scheme is now one of the UK's leading Accreditation and Registration Bodies, working across the Construction, Industrial, Utilities, Warehousing and Distribution, Agricultural, Ports and Marine sectors. Agora Training Center is a lead training provider across the Middle East offering internationally accredited courses for Heavy plant, equipment and machinery.

The National Fire Protection Association (NFPA) is a global nonprofit organization, devoted to eliminate death, injury, property and economic loss due to fire, electrical and related hazards.

Agora Training Center is a proud member of this organization to stay up to date with current codes of practice, legislation and offer our clients the most up to date training standards and techniques.

- Abrasive Wheels
- Advanced First Aid w/ AED
- Authorized Gas Tester
- Banksman/Slinger
- Basic Fire and Prevention Training
- Basic Rigging
- Confined Space Competent Person
- Confined Space Entry
- Confined Space Rescue
- Crawler Crane
- Dangerous Goods
- Defensive Driving
- Dropped Object Awareness
- Energy Isolation Lockout / Tagout
- Enhanced Compliance Program (ECP) Awareness
- Fall Protection / Working at Heights

AGORA TRAINING CENTRE PROFILE

Approved Training Provider

Training Provider Reference : 4145

IOSH stands for Institution of Occupational Safety and Health, the Chartered Body for health and safety professional. IOSH is a UK - based organisation offering professional qualification in order to raise standards of health and safety in the workplace.

IOSH training courses combine up-to-date theory and practice to enable around 100,000 people a year to earn qualifications. Earning an IOSH qualification will allow the holder to ensure that the health and safety practices in their workplace are current, effective and well managed.

Agora Training Services is an Accredited IOSH Training Provider. We are able to provide the following two courses:

IOSH Working Safely Course

IOSH Working Safely is a one-day course covering the essentials of health and safety in the workplace. It is aimed at all employees in all types of organisation.

IOSH Working Safely looks at people's responsibilities for health and safety, workplace hazards and risks, and how to control them.

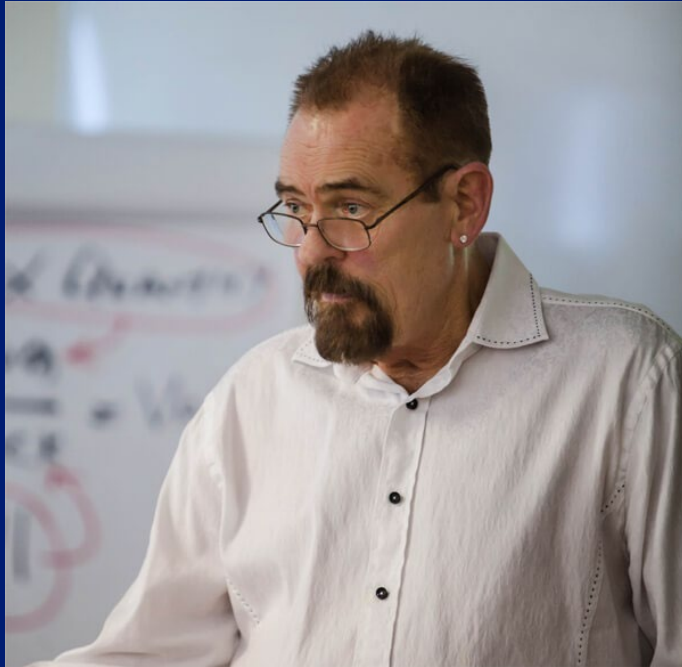

IOSH Working Safely shows how everyone can make a difference to their own and others' wellbeing through everyday actions.

IOSH Managing Safely Course

IOSH Managing Safely is a three-day course that gives managers and supervisors the knowledge and skills they need to manage health and safety within their teams.

IOSH Managing Safely covers responsibilities for health and safety, hazard identification, assessing and controlling risks, accident investigation and measuring performance.

IOSH Managing Safely gives managers the confidence to drive health and safety performance within their teams and to improve the health and safety culture of their organisation as a whole.

Dr. Mikel J. Harry

Dr Mikel J. Harry Six Sigma Management Institute Lean Six Sigma Training and certification

The SSMI® Lean Six Sigma Body-of-Knowledge was assembled after 35 years of successful practice on behalf of Dr. Harry and several of his distinguished colleagues. In turn, this competency-based knowledge was used to design and develop the world-class training programs and courses listed below. Of course, all SSMI® programs and courses are comprehensive in scope and depth, each of which has been well validated over time with exceptional client and customer testimonials.

To ensure a high level of success, SSMI® provides the learner with an arsenal of tangible and virtual learning assets. Among those many assets is world-class consulting, coaching and mentoring, as well as "over-the-expert's shoulder" video instruction, field books, technical articles, exercises, case studies, simulators, calculators, technical documents, quizzes and tests, including an online expert-system. The following SSMI® training programs and courses can be provided in a live classroom format, fully online or in a blended model – standard or customized.
